
Client Support Services

YOUR PARTNER IN POPULATION HEALTH

If you're managing a health project or program with limited staff, expertise or time, we can help. Our client support services give you the capacity and flexibility you need to focus on your vision and the communities you serve.

Heluna Health®

EMPOWERING POPULATION
HEALTH INITIATIVES SINCE 1969

How We Work

No two relationships with our clients and partners are alike. We work with you to create a customized support plan to help you maximize the potential of your population health projects and social services to achieve your goals. Choose the right combination from our support services to help you get there.

Contract and Grant Management

- Proposal development, submission, and renewals
- Contract negotiation
- Pre and post-award contract and grant support
- Reporting and compliance
- Project management

Fiscal Support

- Budgeting
- Accounts payable and receivable
- Fiscal sponsorship
- Audit management
- Financial performance tracking and reporting

HR Services

- Rapid recruitment
- Team training and management
- Payroll processing
- Benefits administration
- Legal support

Each partner project is supported by a three-person client support team.

Contracts and Grants Manager

Project Accountant

HR Generalist

Whether it's helping you coordinate a multi-stakeholder coalition, bridge the gap between clinical health systems and community needs, or mobilize resources to respond to an urgent outbreak, we're your partner every step of the way.

Contact us today to partner on your health initiative.
